Ohio Cancer Research Associates is an independent statewide, nonprofit organization dedicated to the cure and prevention of the many forms of cancer and the reduction of its debilitating effects through **aggressive basic seed money research, cancer information and awareness.** Ohio Cancer Research Associates is not affiliated with any other organization.

Individual researchers have been funded at Case Western Reserve University and University Hospitals of Cleveland, The Cleveland Clinic, MetroHealth Medical Center in Cleveland, The Ohio State University, Nationwide Children's Hospital, Cincinnati Children's Hospital Medical Center, University of Cincinnati, University of Dayton,

Ohio University, Wright State University, Former Hipple Cancer Research Center in Dayton, University of Toledo and Bowling Green State University.

Over \$18 million has been spent on cancer awareness and seed money research projects. Of that amount, *over \$6.8 million in seed money* provided to researchers by Ohio Cancer Research Associates *has generated more than \$209.3 million in new money* from other sources to continue basic cancer research on projects initially funded as well as translational clinical trials at institutions including University Hospitals Seidman Cancer Center, The Cleveland Clinic, The Ohio State University and Cincinnati Children's Hospital Medical Center.

Ohio Cancer Research Associates is recognized as a 501 (c) (3) organization. Donations are accordingly tax deductible. (EIN 31-1038309)

*"Without vigorous, farsighted and continuing encouragement of fundamental scientific research, we are in the position of eating our seed corn. We may fend off starvation for one more winter, but we have removed the last hope of surviving the following winter."*

—Carl Sagan

Ohio Cancer Research Associates Special Events are presented to raise funds for seed money cancer research and to increase awareness of the importance of early detection in saving lives. See your doctor for regular checkups.

## Nine Ways to Help Prevent Cancer

- 1) Don't Smoke
- 2) Maintain A Healthy Weight
- 3) Get At Least 30 Minutes Of Physical Activity A Day
- 4) Eat A Healthy Diet With Lots Of Vegetables, Fruits, And Whole Grains And A Limited Amount Of Red Meat
- 5) Only Drink Alcohol In Moderation
- 6) Protect Yourself From Too Much Sun
- 7) Take A Multi-Vitamin With Folate Every Day
- 8) Protect Yourself And Your Partner From Sexually Transmitted Infections
- 9) Get Screening Tests

*Remember, early detection saves lives.*
